EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because drawings are hand-written. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The following is a statement of reasons for the indication of allowable subject matter: The instant application discloses a method of filtering successive received signal samples. Prior art references (Goldstein et al., IEEE, A Multistage Representation of Wiener Filter Based on Orthogonal Projections) show similar methods but fail to teach: **"generating a set of basis vectors where each successive basis vector is a function of a given or an estimated vector and successively greater powers of a covariance matrix for a sequence of received sample vectors of data with the initial basis vector being formed from the steering vector"**, as in claim 1, 12, 18; **"wherein each successive basis vector of data is generated by multiplying an immediately preceding basis vector of data by the covariance matrix and the initial basis vector is formed from the steering vector of data"**, as in claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
